

LIBERTY LOAN BOND CAMPAIGN SOON BE STARTED IN BRAINERD

COUNCIL HOLDS AN ADJOURNED SESSION

Petition for an Eight Inch Sewer is Referred to the City Engineer for Estimate of Cost

\$40,000 Bond Issue to the State, \$25,000 Funding Bridge Bonds, \$12,000 Other Bonds Considered

All members of the council were present at the adjourned session on Monday evening except Aldermen Strickler, Koop and Peterson.

A communication from Mayor R. A. Belse withdrew the appointment of A. P. Nordstrom as permanent patrolman. The letter was read and ordered filed.

A petition for an eight inch sewer on South Sixth street was referred to the city engineer for an estimate.

The bill of the Mahlum Lumber Co. of \$66.11 was allowed.

In the matter of the bond issue to the state of \$40,000, the mayor and clerk were on motion made and carried authorized to execute such bonds in behalf of the city.

Mr. Heeter, representing Wells-Dickey Co. of Minneapolis, explained about the \$25,000 funding bridge bonds due October 1, that his company would take care of those bonds, the city agreeing to pay incidental expenses of transferring this bond issue from New York to Minneapolis and that accrued interest from October 1 last be paid to Wells-Dickey Co. at the current banking rate not to exceed 6 per cent.

A resolution for notice of the sale of \$12,000 permanent improvement revolving fund bonds, also a resolution covering the notice of sale of such bonds were unanimously adopted.

Mr. Ohm of Southeast Brainerd was given permission to remove dirt from the street in front of his property on Pine street, to the street level grade.

Victor Powers Hibbing Mayor Out for Governor

(By United Press) St. Paul, Oct. 9.—Victor Powers, the mayor of Hibbing, is expected to be a candidate against Governor Burnquist for the republic nomination for governor, and friends are preparing to open headquarters here in Minneapolis. An announcement of his position is expected soon from Powers.

Damage will Run Into the Millions

(By United Press) Madison, Wis., Oct. 9.—Millions of dollars of damage was done by the heavy frosts in Wisconsin during the second week of September. The federal and state agricultural department reports the most damage to have been to beans and corn.

Italian Air Raid Damages Austrian Harbor Shipping

(By United Press) Washington, Oct. 9.—Cables to the Italian embassy state that Italian aeroplanes bombed Cattaro early today inflicting severe damage to the Austrian destroyers and submarines in the harbor.

New Peace Offers Germany and Austria Said to Have Made

(By United Press) Amsterdam, Oct. 9.—Germany and Austria have agreed to make another peace offer on the basis of no territorial aggrandizement, the surrender of Belgium and French territories and no indemnities on either side, according to the Berlin Tages Zeitung, the announcement, being on good authority the paper announces.

How the Reported Peace Proposals Are Regarded by Officials

Washington, Oct. 9.—Berlin's reported new peace maneuvers is regarded by officials here as have been all her previous feelers designed to save her present holdings before the crash comes and to discourage the preparations of America. The state department has intimated that President Wilson's pronouncement on peace still stands and there can be no negotiations with the Teutons while Hohenzollern autocracy exists.

Prompt Disavowal Restores Peace in Reichstag--Council

(By United Press) Berlin, Oct. 9.—A prompt disavowal by Chancellor Michaelis of propaganda favoring any political party has apparently restored peace between the reichstag and the cabinet. Michaelis made his pledge before the main committee of the reichstag and his disapproval of the political party propaganda was directed especially at the Fatherland party fostered by Von Tirpitz, the speech being concluded with a war appeal for co-operation of all factions.

Find Dynamite in City Hall

(By United Press) Philadelphia, Oct. 9.—Three pounds of dynamite was found in an arway in the city hall by cleaners this morning.

Newsprint Makers' Case Deferred.

New York, Oct. 9.—The government's prosecution of the Newsprint Manufacturers' association and seven individual defendants for alleged violation of the Sherman anti-trust law, has been deferred until the November term of the federal court.

Crude Oil and Gasoline Cost Lower. Chicago, Oct. 9.—Here's a commodity that has not been affected by the war. Crude oil and gasoline have escaped. In the last six months crude oil has advanced approximately 20 per cent, while gasoline has advanced only 10 per cent. "These commodities would be higher than they are at present were there no war," said E. E. Grant, secretary of the Independent Oil Mers' association, which opens a four-day session here. "In normal times, the domestic demand would be greater, and thus prices would rise."

MISS ANTOINETTE FUNK

To raid the little blue teapots in behalf of Second Liberty Loan.

Miss Antoinette Funk, prominent suffragist and chairman of the Women's Liberty Loan committee, has laid plans to raid the little blue teapots or the shelves of millions of American homes in behalf of the second Liberty Loan. Her drive is directed toward the women who spend and save the family income. She has an office in the treasury department.

The Nation Wide Coal Shortage Now Receives Attention

(By United Press) Washington, Oct. 9.—There is practically a nation wide coal shortage and it is receiving President Wilson's attention, drastic action being expected unless the situation is relieved immediately. Garfield intimates that the government may scale down the high priced contracts in order to assure other consumers a supply.

Two Tennis Champions in the Army

Two tennis champions—Clarence J. Griffin, who, with William M. Johnston held the doubles championship in 1916, and R. Norris Williams the national tennis champion in the singles—are in the United States army as lieutenants. No other sport in England, Australia or the United States has given so many champions to the cause in France.

Brainerd banks and city officials were represented at the Liberty Loan campaign meeting at Crosby Monday afternoon presided over by the county chairman, A. J. Hayes, cashier of the First National bank of Crosby.

F. A. Farrar, vice president of the First National bank; Giles P. O'Brien, cashier of the Citizens State bank, and Carl Zapffe of the Brainerd State bank; Anton Mahlum, city clerk; George Berggreen, city treasurer; W. H. Crowell, city attorney; Robert Campbell, city engineer, composed the Brainerd delegation attending the meeting.

Virtually every township in the county was represented at the meeting except five in the vicinity of Brainerd and they will secure matter and advice from F. A. Farrar, chairman of Brainerd. The attendance numbered close to a hundred.

It was an enthusiastic gathering. Town boards and officials have been drafted for this second Liberty Loan campaign. Banks of the county were drafted in the first campaign.

And the enthusiasm manifested gave every indication that Crow Wing county would sell the quota of bonds set by the government.

The government expects every official of each township and village to do his full duty in the campaign. The government is insuring that every individual shall be given an opportunity to loan it money by the purchase of its bonds and for that purpose has issued a white subscription card. For those who do not buy, but might be reasonably expected to do so, a blue card is to be used as the government is going to insist on knowing why any individual does not do his just duty in this line.

Mayor R. A. Belse has called a meeting of city officials and others interested Wednesday night to carry on the campaign. October 10 is the day set for the campaign in Crow Wing county to proceed with a "full head of steam". Results will be bulletined as quickly as received.

He is in daily conference with Secretary McAdoo. He was head of Anglo-French mission which secured a loan from private sources in America in 1915 of \$500,000,000.

England About to Conscript Capital Wealth Must do It

(By United Press) London, Oct. 9.—England has another shock in store for that section of America which hates to see wealth do its share. England is preparing to literally conscript capital. The British government has practically decided to levy directly on capital. The official estimate is that private capital has increased from eighty to one hundred millions since the war began, and the plan is not to diminish the national capital but to transfer the ownership or part from private ownership to state ownership and make the state a partner in the industries.

Haig Attacks Early Today

(By United Press) London, Oct. 9.—Gen. Haig struck again early today in the Ypres sector, his report saying "At 5:20 we again started our attack on the west front northeast of Ypres, satisfactory progress being made. The weather is stormy."

SPEAKERS ARE JEERED

Representatives of Michaelis Fail to Mollify Critics—Further Discussion Expected—Snow in Vosges—German Fleet in Baltic.

London, Oct. 9.—The issuance of a full statement of Germany's war aims is likely to be forced by internal conditions within the German empire. What the German leaders want if they are successful will be discussed in the Reichstag.

Fails to Mollify the Critical. The imperial chancellor, Dr. Georg Michaelis, sent Minister of the Interior Helfferich before the reichstag Saturday to make a statement on his behalf. Helfferich failed to mollify the critical members of the reichstag and the sitting was adjourned after the vice chancellor's speech had been interrupted. General von Stein, the war minister, was jeered when he attempted to explain the army's side of the accusation that the high command was using strong methods to help the pan-German agitation.

Tirpitz Busy Since Defeat. Former Chancellor von Bethmann-Hollweg some months before his resignation had a test of strength with Admiral von Tirpitz, the reputed organizer of ruthless submarine warfare and the chancellor won. The admiral since has been busy and the fatherland party, of which he is a sponsor, according to recent reports, has been very active in opposing the reichstag majority declaration for peace without annexations or indemnities.

New Positions Used as Bases. Approaching cold weather on the western front is forecast in the appearance of snow in the Vosges. In Flanders the weather has been most unfavorable the last two days, but official reports mention no letup in the violent artillery duels. The British are using the new positions won last week as a base from which to harass the Germans in the lowlands, preparatory for a new stroke in this plan to outflank the German positions in the north.

German Naval Fleet in Baltic. Unofficial reports from Stockholm say strong German naval forces have been sighted in the Baltic sea off the Danish and Swedish coasts, bound probably for the Gulf of Finland for a drive on Tselingsfors, Finland and Petrograd. The Germans are said to be concentrating a large force including mine sweepers, seaplanes and transports, and plan to take Helsingfors by land and sea.

Seattle Ship Yard Strike Ends. Seattle, Oct. 9.—The strike in Seattle's wooden shipyards called on Sept. 14, in sympathy with the efforts of timber workers to obtain an eight-hour day, was called off Sunday in response to a telegram from Secretary of Labor William Wilson urging the men to take this course. Work was resumed. Approximately 1,500 men are affected. Metal trades workers, nearly 10,000 of whom are on strike to enforce a demand for an increase of 33 per cent in wages, are meeting to consider a proposal to return to work.

New York, Oct. 9.—Chicago was to have played New York today in the third game of the world's series, but a heavy rain put a damper on the game. Nothing to do until tomorrow.

With one day's added rest it is now highly probable that Cicotte will repeat his feat of the opening day at Chicago and return the White Sox winners.

The probable lineup of Chicago was announced to be J. Collins left field, McMullen third base, E. Collins second base, Jackson right field, Felch center field, Gandil first base, Weaver shortstop, Schalk catcher, Cicotte pitcher.

For New York it was expected to be Burns left field, Herzog second base, Kauff center field, Zimmerman third base, Fletcher shortstop, Robertson right field, Holke first base, Rariden catcher, Benton pitcher.

"The third game of the world's series between the Giants and the Sox has been postponed on account of the rain," was the announcement made by the national commission after it had rained most of the morning.

The thousands who already packed the bleachers were shivering in the rain.

The third game will be played in New York Wednesday, weather permitting, and the fourth game Thursday. The teams remain in New York until two games are played before returning to Chicago, should a fifth game be necessary.

NEGRO RIOTERS CONVICTED

Ten Sentenced for Part in Killing of Policeman in East St. Louis.

Belleville, Ill., Oct. 9.—Ten of the negroes on trial here as alleged accessories in the murder of Police Detective Coppedge of East St. Louis, last July, have been found guilty, and the penalty of each was fixed at 14 years' imprisonment. Three negroes were acquitted.

James A. Farmer, special assistant attorney general, representing the state, after the verdict was read told the court that the state has other charges against the three negroes acquitted and Judge Crow ordered them remanded to jail.

AGGRESSIVE MOVE STARTED

French Troops Execute Two Successful Raids.

Paris, Oct. 9.—The last official communication indicates that the aggressive movement on the Macedonian front is general. It states that French troops, supported by aircraft, executed two successful raids into the Bulgarian and German lines, partly destroying them. In the Skutlari valley, it is added, troops of General Franchet d'Espèrey took a number of Austrian prisoners. These operations are taken to foreshadow a concerted offensive.

To Answer Separately. Stockholm, Sweden, Oct. 9.—Representatives of various political parties have decided to reply separately to the appeal of King Gustave to form a coalition cabinet to succeed the Swartz cabinet, which resigned last week.

20,000 Given Wages Increases. Lowell, Mass., Oct. 9.—A 10 per cent wage increase for 20,000 cotton mill operatives, effective October 15, is announced by seven local mills. Other corporations here, it was said, probably will grant a similar increase.

WASTE PAPER HEAVY SHIPMENTS

Success of Chamber of Commerce Plan of Waste Paper Conservation and Shipment

THIRD CAR LOT QUICKLY LOADED

People Coming in With Paper by the Dray Load, in Automobiles, With Express Wagons

The success of the Chamber of Commerce plan of waste paper conservation and shipment for the general public may best be judged by the fact that before noon Monday, the third car lot had been loaded and a sufficient quantity listed to warrant ordering another car, which was promptly done by the committee in charge of this practical plan of saving.

The secretary has communicated with the company taking the paper to ascertain if the prices it sold at will hold for another car and will ship before the 16th in order to meet the contract requirements. A car was spotted at the Pitger Brewing company building Tuesday morning and the paper now in the warehouse first loaded; then all who care to ship will be accommodated as long as car space holds out.

Shippers will be required to load their own paper and that which was dumped into the warehouse poorly tied and bundled must be re-tied by those who placed it there. The company will not accept loose paper and it is not fair to those who put their paper up in good shape to share a deduction with the careless and shiftless.

People were coming with paper by the dray load, in autos, small boys with express wagon loads, in fact every sort of conveyance was pressed into service and the committee was kept busy at the warehouse. It was opened at 7:30 a. m. and presented a somewhat discouraging sight, with paper piled to the very roof, some loose, bundles untied and scattered over the room but "willing hands make quick work" and the committeemen went at the work with such vigor that a passage-way to the car door was soon cleared and the car finally loaded.

COLUMBUS TO BE HONORED

Knights of Columbus to Celebrate With Entertainment at Knights of Columbus Hall

SPEECH BY THE HON. MORIARTY

Musical Program and Drawing of Prizes, Dance Following Graham's Orchestra Playing

Said a visitor at the Brainerd Dispatch office:

"We all know something about Columbus from our histories or otherwise, but most of you do not know a great deal about the Sons of Christopher, their purposes, their aims."

"Get rid of the antiquated idea that they will shoot you, or do you bodily injury. They guarantee to give you a feast of fun the evening of October 12 at their hall over the Citizens State bank."

"Those who like eloquence with a blend of fine humor and savored with the national spirit of our country

will get their heart's content. Those who care for music and song will get something more worthy of an audience of the gods than of mere men.

"Those who like to 'trip it on the light fantastic toe' with Graham's orchestra accompaniment can find out they are younger than they really think they are."

"And last, but not least, those who wish to carry away a nice gift in the way of eatables or wearables will have an opportunity of doing so. Please don't forget the evening, Friday, October 12th."

"The Fighting Trail," Greater Vitagraph's serial adventure and the great outdoors, which was completed last June by William Duncan and Carol Holloway and a Western cast that will typify it as being what the imagination likes to tell us in "truly Western," will begin to blaze its trail fighting way into the liking of the film public early in September. This out-of-doors serial heads the fall program, announced as one of the best Greater Vitagraph has ever offered.

"The Fighting Trail" which will be the attraction in the Empress theatre tomorrow is essentially an all-out-door production, ninety-five per cent of the scenes having been filmed in the most remote sections of the Sierras, in Southern California, or on the great desert adjoining. It tells of the struggles of a young American mining engineer and his bride to work a mine furnishing an explosive ore to the Allies in the face of opposition by an agent of the Central Powers and a band of outlaws.

MORTGAGE FORECLOSURE SALE.

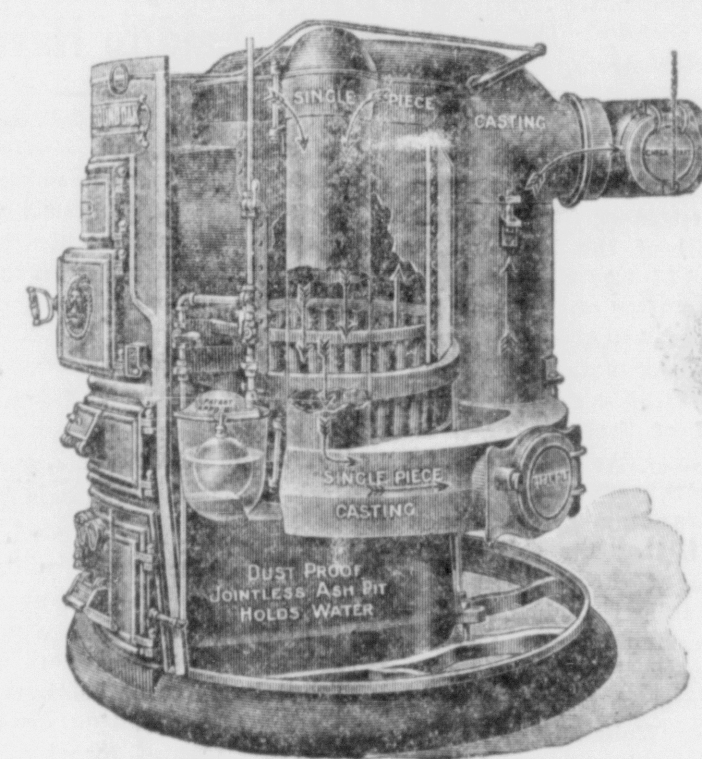

Default having been made in the payment of the sum of Two Hundred Eight and 42-100 (\$208.42) Dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by James Casey and Sophia L. WOMAN'S REALM

STUDY CLASS OF MUSICAL CLUB

Has Interesting Meeting at the Home of Prof. and Mrs. W. C. Cobb on Tuesday

PAPER BY MRS. PETER OLESEN

Calls Upon People to Express Patriotism Through Sympathy and Interest in Foreigners

The Study Class of the Brainerd Musical club met last evening at the home of Mr. and Mrs. W. C. Cobb, eighteen members being present. The program consisted of a paper by Mrs. Peter Olesen of Cloquet, which dealt with the human side of the immigrant problem. Mrs. Olesen expected to be present and read this paper herself, but was called home.

On Saturday, Mrs. Olesen thrilled her hearers by a description of the sacrifices made by the women of Europe and of Canada in this war, and called upon the women of this country to express their loyalty not only by sacrificing their sons, but their time, their energy and all food that tempts the palate but does not particularly nourish the body, as well as the concentrated foods that are necessary for the welfare of our soldiers.

In this paper she called upon us to express our patriotism through sympathy with and interest in the foreigners who come to us with such high ideals, which are bound to be shattered unless they are protected from those whose interest it is to exploit them. She mentioned some practical ways of reaching out the glad hand to these new Americans, such as the formation of Mother's Clubs, and the holding of night schools. In Cloquet the night school has become a very useful institution. It is under the auspices of the Y. M. C. A. but is financed by the lumber companies, so that it is just as free as the day school, and is, therefore, largely attended. If the men of wealth in Brainerd wish to perform a patriotic service, they cannot do better than follow the example of these Cloquet lumber companies.

In the night schools practical patriotism is taught along with reading, writing and spelling. It is scarcely to be expected that grade teachers will give their services in the evening, after teaching all day, so, although the superintendent donates his services, the other teachers must be paid by those who attend the night school in Brainerd, and in these days there is very little left for educational purposes in the family exchequer.

Others way of exterminating the hyphen mentioned were better tenements, more safe-guards for our laborers, both physical and moral, and more social contact with them through social center work. As a national defense measure, Mrs. Olesen declared, we must speed up the Americanization of the immigrant.

After the reading of this excellent paper, the class discussed practical assistance and decided to cooperate with Mrs. Blake, who is making a Methodist Episcopal church last week survey of all the new Americans within the borders of our state, trying to find out just what is most needed to convert them into loyal patriots.

All who are interested in this work are invited to attend the next meeting of the Study Class, the evening of Oct. 22nd, when Mrs. Blake will present her plan and ask for volunteers to help her carry it out.

The class voted to postpone its published program until after Xmas and listen to the reading of Dr. Stein's fascinating book "From Alien to Citizen." This will enable those who attend to bring their knitting or other Red Cross work, and gain an understanding of the human side of our immigrant problem at the same time.

It was also voted to learn the words of our patriotic songs and sing one at each meeting. As we need a few bass voices, men are always welcome, whether they happen to be legally attached to a member of this class or not. If they are good readers, they may express their patriotism by offering to read and thus release a knitter.

These meetings are always held at 302 7th street unless due notice is given of change of place.

GREAT CELLIST HERE ON FRIDAY

Cornelius Van Vleit, Cellist Minneapolis Symphony Orchestra, at Musical Club

CONCERT ELKS HALL OCT. 12

Members of Musical Club Will be Admitted on Their Tickets. Other Tickets 50 Cents

The people of Brainerd will be given a great treat on Friday evening of this week when the Brainerd Musical club will open its concert season with Cornelius Van Vleit, cellist of the Minneapolis Symphony orchestra.

Mr. Van Vleit has played in every city in this country and in Europe.

When the critics of Boston and New York admit that nothing but praise can be given this marvelous cellist, it is safe to conclude that he will please a Brainerd audience.

Members of the Musical club will be admitted on their tickets. Other tickets will be 50c and all proceeds above expenses will be turned over to the Red Cross.

PICTURES AS A WAR BALM

(Contributed)

The road to international peace has not yet been found, but the war-enveloped world has discovered a war balm, built upon the philosophy of Luke, a balm which, while it does not mitigate the horrors of war, points to man's greater achievements than those of a merely political nature—lets us know that the war is not the natural business of the world at large, but, rather, an interruption which must not make us lose sight of life's altruistic aspects.

This balm is of course moving pictures. It is beloved in all countries. It is the wonderful antidote of these war ridden times. There are those who believe that serious times preclude the search for entertainment. But pictures are more than entertainment, they are educational to a remarkable degree, by them people in every walk of life are enabled to learn the manners, modes of living and customs of people all over the world, they take peoples minds off those aspects of war which should not be dwelt upon constantly—the pictures for the new season intuitively recognize this. That's why activities of the present exceed, by far, any past seasons efforts.

It is a safe conclusion that the American public will respond heartily to the call of better pictures, despite the ever-present inroads of the war.

ONE WAY TO GET EVEN

Disgruntled Car Owner Strives to Advertise His Poor Car to Get Even With Manufacturer

There came to Brainerd today an automobile decorated with a big sign, "Lemon," "Machine No Good," which the owner explained to a garage man where he stopped for repairs, had been done because the manufacturers had failed to keep their promise with the car owner and had not, as he asserted, lived up to their agreement.

So he had set about to advertise the car all over the countryside as being a "no good" proposition, although to herald it widely the car would have to stand up for quite a lot of travel.

SHORT COURSE IN CONSERVATION

To be Given in Brainerd Next Week in Charge of Miss Poulter, Food Sale Oct. 13th

FOR PATRIOTIC UNDERTAKINGS

Sauer Kraut Demonstration in Charge of Mrs. Bentley and Mrs. Hohman Made 15 Gallons

The conservation committee woman's Auxiliary met Monday afternoon at the office of the county agricultural agent. Plans were laid for the short course which is being sent here next week by the federal government.

Miss Poulter who will be in charge of the course, was present at the meeting and will be in the city during the next few days making arrangements.

It was also decided to have a food sale next Saturday afternoon at the Brainerd city market. This sale will be for the benefit of the various patriotic undertakings of the Women's Public Safety Commission. The women of Brainerd are asked to contribute generously to the sale and bring articles to the market Saturday morning.

Mrs. Winter, state chairman of the Woman's Auxiliary, Public Safety Commission, and a member of the National Council of Defense will come to Brainerd Oct. 18 and address a patriotic mass meeting at Knights of Columbus hall.

The Conservation Committee adjourned to attend the sauer kraut demonstration. The making of this truly conservation article of diet was made very plain. During the afternoon Mrs. Bentley and Mrs. Hohman put down some fifteen gallons of kraut and lucky indeed were the ladies who furnished the material and now have the kraut. Several men dropped in toward the close and appreciated the fine points which were explained.

Mrs. Bentley wore the official conservation costume of blue and white.

Church Supper

The church supper given in the Gardner block by the Norwegian-Danish Lutheran church was largely attended and much enjoyed. A fine menu made up the evening meal. The supper was served in a room on the ground floor formerly occupied by the newspaper.

At the Best Thursday

"The Hidden Spring," the Metro wonderplay in which Harold Lockwood, the popular star, will be seen at the Best theatre on Thursday, is a screen version of Clarence B. Keland's novel, adapted by Fred J. Balshofer by arrangement with Messrs. Harper & Bros. This makes the eighth picturization of a "six-best-seller" that Mr. Lockwood has prepared for the Metro program. Previous to "The Hidden Spring" have been "The Haunted Pajamas," by Francis J. Perry Elliott; "The Hidden Children," by Robert W. Chambers; "Piedig Island," by Harold McGrath; "The Promise," by James B. Hendryx; "Big Tremaine," by Marie

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

*Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia beverage, which quickly relieves bladder trouble.

MAY EXAMINE ALL AT ONCE

Immediate Call for All Registered Men Expected.

Washington, Oct. 9.—Announcement that the 7,000,000 registered men not called in the first draft will be ordered up for examination immediately, is expected to follow a conference between Secretary of War Baker and Provost Marshal General Crowder.

It has been definitely decided by the War department to order the examination of the 7,000,000 men. The conference will deal merely with details. General Crowder is expected to consult with the President regarding the regulations necessary for the examination within a few days.

The selection of an actual date for the second draft also will be discussed. Plans of the general staff for handling the first draft have been completed. It is broadly hinted that some of the drafted men will receive not more than 10 weeks training before they are moved to embarkation camps, formed into skeleton divisions and sent to France.

Cruiser, on Trial Trip, Hits Mine.

Washington, Oct. 9.—Another credit of \$15,000,000 has been advanced to Great Britain by the government.

German Sees No Hope for Victory.

Amsterdam, Oct. 9.—George Gother, progressive member of the reichstag, is quoted in a Berlin dispatch as having said at a meeting of the central committee of his party that, although the military situation was satisfactory, there was no hope of crushing Germany's enemies on land. As for the submarine campaign, 7,000,000 tons of shipping had been sunk, he asserted, but no disposition toward peace on the part of England was discernible. A rationing system for food-stuffs had not even been introduced.

Courage.

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds.
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,

The one Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

NO SECURITY AS SAFE

The United States is the richest strongest country in the world, and it is not asking anybody, not even its own citizens to give it money.

It wants to borrow your money. It will pay it back with good interest.

There does not exist in the entire world, a security so safe as United States government bonds.

For thirty-eight years, the United States has never issued a bond at a higher interest rate than four per cent. The last issue above four per cent was in 1879.

Four per cent bonds of the government in ordinary times have sold at 114 to 119.

A one thousand dollar (\$1,000) bond of the United States government could be sold through these thirty-eight years at anywhere from one thousand one-hundred forty dollars (\$1,140) to one thousand one hundred ninety dollars (\$1,190.)

That's the kind of a country the United States is.

There is only one thing in the world better than actual gold or gold certificates and that is the United States government bond.

If you have the gold or the paper money hidden away, it brings you in nothing.

If you have 4 per cent bonds running twenty-five years, the interest you will get in that time will be equal to the full amount of the bonds. And you still have the bonds that the government will pay off at full face value in gold.

No state, city, county or even the government itself can tax you on these bonds unless you own more than \$5,000 worth.

But if you own bonds, and you need money, you do not have to wait twenty-five years. Any bank will buy them from you or loan on them virtually to the full amount. The interest coupons that are attached becomes due, and any bank, or the postmaster in any town will pay them in cash.

The second Liberty Loan of 1917 is

the greatest investment opportunity ever put before the people.

Even if a man looks at it merely as a business proposition, it is the best thing in the world today. But when you consider that by loaning your money to the government at this time, you are doing a service of loyalty and putting yourself on record as a patriot, it offers to every man, woman or child who wants to enroll as a patriot, the opportunity of a lifetime.

EPISCOPAL PENSION FUND

Final returns, just completed and sent to J. P. Morgan, treasurer of the \$5,000,000 pension fund for the support of retired clergymen, show that the fund was oversubscribed nearly 75 per cent, total subscriptions amounting to \$8,172,000. Of this \$5,164,555 has already been paid.

The Church Pension Fund is the largest of the kind ever raised, and, next to the Red Cross Hundred Million Dollar Fund, the largest charitable fund ever gathered in America. It was accomplished in a year. There were 47,713 subscriptions to the fund. New York contributed the largest sum, \$2,131,592. New York state and New Jersey \$3,381,354. Minnesota gave \$92,196.

The largest contribution, \$324,744, was made by the Carnegie Corporation. Two persons gave \$250,000 each. Nine gave \$100,000 each, twelve subscribed \$50,000 each, twenty-nine \$25,000 each, fifty-four gave \$10,000 each, 221 gave \$5,000 and 764 subscribed \$1,000.

The democratic St. Cloud Times recognizes the wisdom of the selection of Senator Kellogg as national committeeman as follows:

F. H. Carpenter, of Minneapolis, sends out an extended circular giving the history of why he was not chosen a member of the national republican committee. It is too bad, but then, a better selection could not have been made than that of Senator Kellogg.

COMMISSIONERS PROCEEDINGS

Meeting of Board of County Commissioners of Crow Wing County, Held Oct. 2

Pursuant to adjournment, the board met at the court house in the city of Brainerd on Tuesday, October 2nd, 1917, at 10 o'clock A. M.

All members were present except Commissioner Erickson.

Minutes of the meeting held September 4th, were read and duly approved.

Plat of Gull Lake Park Second Addition, comprising parts of Lots 3 and 4, sw 1/4 of nw 1/4, Sec. 22, Twp. 135, Rge. 29 was presented for approval by Baker & Seaton and others. On motion, the same was approved.

The county attorney rendered his opinion in the matter of the dams in Cedar Brook on the Aitkin, Crow Wing county sanatorium site and on motion, the petition for the removal of said dams was referred back to the petitioners.

The county auditor was instructed to transfer \$4,000 from the Building to the County Jail fund.

On motion, the grounds of the New county jail site were ordered improved, the work to be done under the supervision of Commissioners Erickson and Crust.

On motion, the board adjourned for the noon hour.

Board met at 2 o'clock P. M., all members present.

The matter of dissolving school district No. 73 and attaching all territory embraced therein with the exception of Sec. 31, Twp. 135, Rge. 28, to School District No. 50, came up for final hearing.

No one appearing to remonstrate, Commissioner Erickson moved that said School District No. 73 be dissolved and the territory embraced therein with the exception of said Sec. 31, Twp. 135, Rge. 28 be attached to and form a part of School

District No. 50. Which motion, being seconded by Commissioner Mathison, was duly carried all members voting aye.

An application was received from the N. P. Ry. Co. for the cancellation of the taxable valuation of their foundry property in the city of Brainerd for the year 1917. On motion, the matter was referred to the Minnesota Tax Commission.

Commissioner Erickson offered the following resolution and moved its adoption:

"Whereas the Federal Government has appropriated certain moneys to the state of Minnesota to be expended under the supervision of the Commissioner of Highways in the improvement and betterment of roads throughout the state and whereas the disposition of said appropriation is now or shortly will be before said highway commissioner,

"Now, therefore, be it resolved that the county of Crow Wing hereby respectfully make application to the state of Minnesota for the sum of \$30,000 of said Federal Aid to be added to a similar amount which will be furnished by said county from moneys available during the year 1919 for the improvement and betterment of certain state roads within said county to be determined later on by the Federal Engineers, the Highway Commissioner and the County Board."

Which resolution, being seconded by Commissioner Syreen, was duly adopted, all members voting aye.

A petition was received from Geo. Lester Erickson and others to run a drainage ditch from the state road in Sec. 9, Twp. 46, Rge. 28 into Black Lake. On motion, the matter was referred to the county engineer.

On motion, \$75.00 was ordered expended under the supervision of Commissioner Mathison as a committee from Crow Wing county to work in conjunction with a committee from Cass county to improve the judicial road on the west line of Sec. 3, Twp. 136, Rge. 29.

A communication was received from the town board of Platte Lake asking that the county furnish six tons of cement for the purpose of making a concrete arch bridge over Mink Creek between Secs. 34 and 35, Twp. 43, Rge. 29. On motion, the matter was referred to the engineer for a report.

A communication was received from the town of Platte Lake asking for \$800 to help improve the road over Secs. 1 and 12, 2 and 11 of that town. On motion, the same was denied.

An application was received from the Franklin Land Company for a reduction in the valuation of the N. E. 1/4 with the exception of the south 30 acres of the S. E. 1/4 of N. E. 1/4, Sec. 20, Twp. 46, Rge. 28. On motion, the same was referred to the Minnesota Tax Commission.

A communication was received from the Chamber of Commerce asking the county board to place road signs in and around Crow Wing county. On motion, the matter was referred to the county engineer with authority to place the necessary signs.

A communication was received from the Brainerd Public Market asking for the use of lots in block 65 owned by the county. On motion, the request was granted.

On motion, the engineer was instructed to cover with clay and gravel that part of state road No. 2 west which was surfaced with crushed rock.

The auditor was instructed to advertise for bids in the Duluth News Tribune as well as in the official paper for the county for a mineral lease of the county farm property, same being the S 1/2 of N. W. 1/4, Sec. 33, Twp. 45, Rge. 30.

DID BIG BUSINESS

Lona Fendel Stock Company Plays to Best Business of the Year at Opera House

The Lona Fendel stock company played to the best business of the year at the Brainerd opera house and exceeded in receipts that of any other stock company playing there. The plays were of exceptionally good character and well presented.

Mr. and Mrs. Fendel are related to Mr. and Mrs. Potter, prosperous farmers of South Long Lake township, who entertained the company during its stay. The car of Mr. and Mrs. Potter provided means of communication between farm and city.

Catarrrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars off any case of Catarrhal Deafness that cannot be cured by all's Catarrh Medicine. Circulars free. All Druggists, 75c.

BONDS OR BONDAGE-Which?

IF THE Germans should win this war, the fate of your home would be the fate of those of Belgium.

You would have no choice as to what would be done with your money. It would be taken from you by force.

Today your boy, who is prepared to give his life to save your home, is looking to you for the money which will buy the bullets with which he will make his fight.

Buying a Liberty Bond is not giving money to the Government. It is loaning money, every cent of which will be returned to you with interest. Liberty Loan Bonds are backed by all of the resources of the richest government in the world.

The second Liberty Bond issue is for \$3,000,000,000. The share of every American family is \$150. The Government pays you 4% interest, half of which is payable November 15th and half May 15th of each year. If, before the end of the war, there should be another bond issue at a rate higher than 4%, your bond will pay the higher rate from then on.

All who bought the first Liberty Loan Bonds at 3 1/2% may now convert them into 4% bonds.

Liberty Bonds are as marketable as wheat. You can go to any bank at any time and get your money for them.

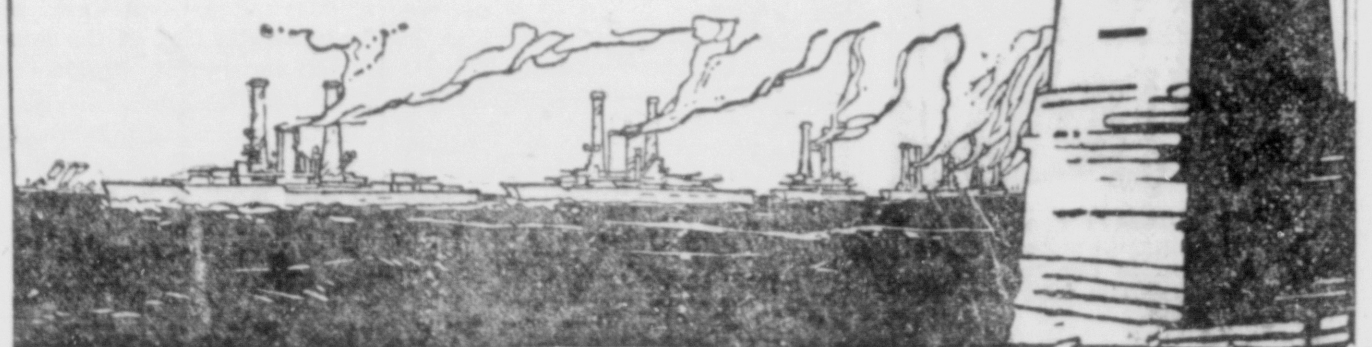

Liberty Bonds are in denominations of \$50 and up. In this issue all purchases of \$5000 or less are tax exempt.

Buy your Liberty Bonds now. October 27th is the last day subscriptions will be received in Washington.

Don't wait for someone to ask you to buy a bond. Go at once to your nearest bank or post office. Your neighbors and your friends are watching you. They are depending upon you to do your share.

Mrs. M. D. Stoner, 705 N. 6th St., Rev. F. W. Hill leader.

"Sin, Society and the Devil," will be the subject of the sermon tonight.

The evangelist leaves it to the public whether it will be a welcome theme or not. He invites every person to come and judge for himself whether it is truth or fiction that he presents.

The service tonight at the tabernacle is to be a special one for young women. During the past three weeks the women of the churches have been hostesses to the business girls of the town for the Tuesday evening luncheon.

Many business and professional girls have been present at these pleasant functions and are sincere in their tokens of appreciation of them.

The third one in the series will be held tonight at the Bethlehem Lutheran church and all the girls who are earning their living are invited to be present.

Immediately following the supper a program will be furnished by different members of the evangelistic party. After the lunch and program all who wish to attend the tabernacle service can go directly to that place.

Miss Irene McCague has been of great aid in entertaining the young ladies at these soirees. Her training as a musician and upon the chautauqua platform has been invaluable in this respect.

The cottage prayer meetings which are being held daily in the different homes have proven of great benefit in creating an atmosphere for the evening services at the tabernacle.

There have been a number of conversions reported from these morning prayer groups. From eight to ten cottage prayer meetings are held each day in different sections of the city and definite specific prayer is offered for a religious awakening in this city and country, also, for our soldiers, country and president in this awful time of war earnest prayer is made.

This week there is going to be a series of meetings at the shops at the noon hour. Dr. Bromley will speak at these meetings and get acquainted with the railroad men. The first one for the week was held today and created a favorable impression.

The men of the shops compose a large element of the church constituency of Brainerd and some of them are of greatest aid to the Christian life of the city.

The evangelist appeals to men for he has a straight-from-the-shoulder style that speaks of sin as sin, the devil and hell as stern realities which must be faced.

A spade is a spade with him and the middle-coddle's aptitude for veneering is altogether lacking in him. Men are hearing him at the tabernacle and giving him their sympathy.

INCREASED RATE LETTER POSTAGE

Three Cents an Ounce or Fraction Thereof on all First Class Mail on and After

NOV. 3. POSTCARDS 2 CENTS

Drop Letters for Delivery From the Office Where Mailed Will be Carried for 2 Cents

Postmasters throughout the country have been notified of the increase in postage rate on first-class mail, including postal and postcards, and Postmaster Dunn has furnished the Dispatch with the following order from the office of the Third Assistant Postmaster General which is self explanatory:

Pursuant to the amended regulations postmasters shall, on and after November 2, 1917, see that postage is paid at the rate of three cents an ounce or fraction thereof on letters and other first-class matter except drop letters. All drop letters, that is, letters mailed for delivery from the office at which posted including those for delivery by city, rural, or other carrier of such office, are required to have postage paid on them at the rate of two cents an ounce or fraction thereof. Postal cards are required to be prepaid two cents, and, therefore, the one-cent postal cards must have a one cent postage stamp affixed to them in addition to the one cent stamp impressed on such cards. Post cards (private mailing cards) bearing written messages must have two cents postage prepaid on them. Postmasters at offices of address shall be careful to rate up with the proper amount of postage due all mail reaching their offices with the postage insufficiently prepaid.

The order goes into effect on and after November 2d and the general public should fix this date in their minds if they desire immediate delivery of their first class mail as short postage will necessarily delay the delivery either by return to the writer for sufficient postage or in collecting at the other end of the route.

The ordinary letter weighing one ounce or a fraction of one ounce, and now mailed for two cents will require a three cent stamp on Nov. 2, and thereafter. Drop letters, those intended for delivery from the office where they are mailed which includes city, rural or other delivery from that office, will require two cents for each ounce or fraction.

BURIED AT RALSTON

Rev. Fred Riggs Officiated at Funeral of Mrs. Alvin Havens, Former Brainerd Matron

(Glidden Graphic)

The funeral services of Mrs. Mable Havens were conducted by the Rev. Fred Riggs. The body arrived Tuesday morning and was taken to a sister's home, Mrs. Lee Wood, of Coon Rapids, from where she was brought yesterday morning for the funeral services.

Mr. Havens and Mrs. Bliss, the mother, accompanied the body from the home in Brainerd, Minn. Rev. Fred Riggs of Ralston conducted the services in the church. Guy and Frank Gregory, Henry Watt, Ed Plumley, Floyd Dreher and Archie Stevens acted as pall bearers. Mr. Thomas and Mrs. Harry Sexton sang several duets for the music.

The relatives present were: Mrs. Bliss, from Brainerd, Minn.; Mr. and Mrs. Humphrey, from Michigan; Mr. and Mrs. Frank Havens from Geddes, S. D.; Mr. and Mrs. John Cook of Jefferson; Mr. and Mrs. Tom Rudkin of Glidden; and Mrs. Lee Wood of Coon Rapids.

The following obituary was read at the funeral:

Mable A. Havens was born Aug. 21, 1884, and died at her home in Brainerd, Minn., Sept. 30, 1917, at the age of 33 years, 1 month and 9 days, having lived at Ralston until the past seven years. She was a member of the U. B. church. Mable was united in marriage to Alvin Havens July 10, 1910. She leaves to mourn her loss her husband, mother, three sisters and one brother, Mrs. John Cook of Jefferson, Mrs. Tom Rudkin of Glidden, Mrs. Lee Wood of Coon Rapids, and Will Bliss of Brainerd, Minn.

WALLA WALLA PROSPEROUS

A Wonderful Season in Spite of the Drought, Will Buy Heavily of Liberty Bonds

Mrs. Mayme A. Plummer, formerly Miss Peters of this city, now employed as stenographer in the Baker-Boyer bank of Walla Walla, writes:

"We are in the midst of another Liberty Loan campaign, a million and a half to be raised this time—three weeks to do it in, but it will be done cheerfully as the people are beginning to see their duty only too clearly."

"We have had a wonderful season this year in spite of the drought and speaking generally, this valley has another 85 per cent yield to her credit."

"JACK AND THE BEANSTALK"

Best Theatre Packed to the Doors by Old and Young to See Classic of Childhood

THE LITTLE ONES CHEER JACK

Giant is Watched With Intense Interest and Onslaught by Villagers Calls Forth Cheers

"Jack and the Beanstalk" drew hundreds of little ones and their parents and friends to the Best theatre Monday afternoon and evening where "Jack and the Beanstalk", childhood's great classic, held sway.

The fortunes of Jack, the frightfulness of the giant, the swaying battle between villagers and giant, the attack upon the fortress of Blunderbore, were followed with intense interest and Jack was greeted with cheers.

The climax came when the giant was smoked up thoroughly in the castle. He broke through the doors, then slid down the greased steps and landed in a net. Upon attempting to climb down the bean stalk Jack hacked away at that Eiffel tower century plant and brought old Blunderbore to earth with a crash and then finished him and married the princess.

For funny situations nothing exceeds the attack of Blunderbore on the village. Thirteen hundred children take part. Houses are torn down by the giant and the villagers scurry about like rabbits. With deep thoughtfulness one takes in her washing before the giant makes his raid. One escapes from his home right under the nose of the giant by masquerading as a perambulating chiffooner.

Jack and the princess portrayed by Francis Carpenter and Virginia Lee Corbin are two wonderful child actors and took the house by storm.

Matinee and evening performances Tuesday complete the stay of "Jack and the Beanstalk" in Brainerd and if you have not seen the play, don't miss it. It will give the kiddies something to talk about for months.

REV. F. W. HILL IS REAPPOINTED

Came to Brainerd Charge Two Years Ago and Lead Congregation in Building New Church

YEAR CLOSED VERY SUCCESSFUL

All Financial Obligations Were Fully Met and Various Departments Were Active

At the annual conference of the Methodist Episcopal church held in Minneapolis last week and closing Saturday night, Rev. F. W. Hill was reappointed to Brainerd for another year.

Rev. Hill was first appointed to this charge two years ago and led

the congregation in the completion of their new church building.

The year just closed has been a very successful one for the church despite the handicap of building which took much of the attention of the pastor and workers.

All financial obligations will be fully met and the various departments of work were active. With the building operations out of the way the church begins a year with finer prospects of accomplishing big things.

Obituary

Jeremiah Griffen was born in County Kerry, Ireland, April 5, 1832. He emigrated to America in 1855 and married Miss Julia Casey in 1864.

He landed at St. Andrews, Canada, in 1855, moved to New York and to New Jersey in the same year, from New Jersey to Montreal, Canada, from there to Upper Michigan where he married and lived until 1879.

He then removed to Crookston on a farm where he resided and raised his family until 1904. July 29 of that year he removed to Brainerd and has since made his home here.

He was educated in Ireland and was a member of the Catholic church.

A sister, Mrs. Ellen McCarthy, lives in Butte, Montana. Michael

What is Anuric?

The New Discovery for Kidneys, Rheumatism and Backache.

Send 10 cents with name of this paper to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N.Y., for a large sample package of Anuric. It will convince any one suffering from kidneys, bladder, backache, that it is many times more active than lithia, and dissolves uric acid in the system as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. Anuric sweeps from the blood the uric acid which causes rheumatism, gout, sciatica. Anuric is an insurance against sudden death. Send to Dr. Pierce, Buffalo, N.Y., for free book on Diseases of Kidneys.

St. Paul, Minn.—"For years I have suffered from disordered kidneys. My back ached terribly, also my head. I let it run on until just lately when I read in the papers of Dr. Pierce's Anuric Tablets, and having known of Dr. Pierce and some of his medicines I decided to try out Anuric. I have now taken but one box but have been greatly benefited by it. Of course, I couldn't expect one box to cure me, but know that the Anuric will cure me from the effects of the first box, as already my backache has almost entirely disappeared. I certainly advise everyone suffering as I did to take Dr. Pierce's Anuric Tablets."—Mrs. F. E. MARSHALL, 1007 Gaultier St.

St. Paul, Minn.—"I am taking Dr. Pierce's Favorite Prescription with the best of results. A few months ago I suffered with dizzy spells and woman's trouble. I studied up my case in the 'Medical Adviser' and decided to try the 'Favorite Prescription.' It gave me immediate relief and has strengthened and toned up my entire system. I can't say enough in praise of this medicine."—Mrs. Nick Smith, 250 Granite Street.

MUST CONSERVE MEN

German Officers Say It Is of Supreme Importance.

Saving of Men for First Time Acknowledged to Be More Important Than Munitions.

With the French Armies in the field, Oct. 9.—For the first time since the war began Germany's military chiefs are beginning to talk about economizing the nation's "human material."

German army orders, signed by Quartermaster General Ludendorff, have recently been taken from prisoners, emphasizing the need for this economy.

Ludendorff's order from the copy taken on a German prisoner declares: "The consumption of munitions has remained constantly very high recently in the fighting on the front in spite of the fact that the activity has generally diminished. In particular, the consumption of shell and mortar and heavy field howitzers is much greater than the production."

"This is serious. However, the superior direction of the army cannot issue a new general order for a further restriction in consumption of munitions, because our losses on all the fighting fronts continue to be very high and could become even higher if further general restrictions were made."

"Economy in men is even more important than economy in munitions. To this end it is necessary to use munitions as carefully as possible."

BAKER SEES VICTORY

Says Sunshine Will Bring Success in Flanders.

Secretary of War Receives Week's Events at Front—Great German Bases Seriously Menaced.

Washington, Oct. 9.—Slowly "but therefore the more irresistibly" the British are sweeping forward into the heart of the German line.

Zeebrugge and Ostend, the great German bases, are seriously menaced. The canal system leading out of Bruges is threatened.

Air control and shell supply are enabling the British to crumple the German front at its strongest point and make the Flemish coast untenable for the Kaiser's legions.

Sunshine Means Victory.

These are the outstanding points of Secretary of War Baker's official resume of the events at the front for the week ending Saturday in a lengthy review of the action in Flanders, prepared by the war college and general staff experts from official reports and confidential advices.

While it may be premature to assert that the British war machine has forced a decision over the Germans, Mr. Baker says, the victories of the last fortnight, threatening the German submarine bases on the Belgian coast, are conclusive indications of the Allies' superiority. With favorable weather, he thinks, these victories will be repeated and extended.

World Watches Flanders.

The Review makes no reference to the American forces in France or to the great preparations for war going forward at home.

"The attention of the world," it says, "is focused on the titanic struggle now going on in Flanders. The battle raging there is proving an engagement of wholly unprecedented scope and potentialities."

INDEPENDENCE FOR FINLAND

One Probable Result of Russian Revolution Which May Become Reality.

NORWAY IS PRECEDENT

Full Sovereignty Determined on by Great Majority of Inhabitants—Plan Consistent With U. S. Aims.

New York, Oct. 9.—The first large constructive importance of the revolution in Russia will probably be the independence of Finland.

Events are now occurring in Finland that indicate a determination on the part of the inhabitants to establish full sovereignty for themselves. If a formal demand is made upon the Russian government to recognize Finland's freedom the Kerensky cabinet would be compelled to agree or would endanger the consistency of its own democratic policies. If a minority and not a majority of the Finns desired separation from Russia there would be ground for objection at Petrograd, but not otherwise.

Precedent for Separation.

A neighborhood precedent for peaceful separation occurred in 1905, when Sweden agreed to recognize the full independence of Norway. If the Finns desire to become a sovereign nation there is no more reason why they should be forced to continue linked to Russia than there formerly was for a continuation of the Swedish-Norwegian union.

Dissolution of all ties binding Finland and Russia would not mean a defeat for the Russian revolution, but rather a victory, wholly consistent with the aims for which the United States entered the war. A harmonious agreement between the Finns and the Russians leading to the recognition of Finnish sovereignty might well give a strong impetus to the movement for the freedom of small nationalities elsewhere.

Culture Not the Same.

Finnish culture is not the same as Russian, and all but successful efforts have several times been made to obtain nearly complete autonomy for Finland from the Russian czars.

The Petrograd absolutists at least recognized in principle that Finland was entitled to self government; and the new democracy in Russia cannot repudiate the logical extension of this principle.

It is not reasonable to believe an independent Finland would be but the beginning of Russian disintegration. An independent Poland would certainly follow at the end of the war, but elsewhere they are little vital impetus behind the separatist movement.

BIG YIELDS DESPITE LOSSES

Forecast Shows Record Production in Chief Crops.

Washington, Oct. 9.—Considerable losses were recorded in some of the country's principal farm crops as a result of conditions in September, but the last government report indicates there would be record crops of corn, oats, rye, white and sweet potatoes, tobacco and beans.

The loss was heaviest in corn, which showed a reduction of more than 36,000,000 bushels since September 1. Other losses were spring wheat, 7,909,000 bushels; barley, 180,000 bushels; buckwheat, 2,331,000 bushels; white potatoes, 8,985,000 bushels; sweet potatoes, 997,000 bushels; apples, 537,000 bushels; sugar beets, 113,000 tons; kaffir, 4,329,000 bushels, and beans, 4,155,000 bushels.

Some crops, however, showed improved conditions, especially oats with a gain of 47,382,000 bushels, making it a record crop of 1,580,174,000 bushels, or 361,000,000 bushels more than that of 1915. Gains were rice, 1,091,000 bushels, and tobacco, 21,837,000 pounds.

STORM'S DEATH TOLL IS 2,174

Japanese Typhoon Kills 400 in Tokio Alone, Official Report.

Tokio, Oct. 9.—The official total of casualties in the recent terrific typhoon and flood is announced as 2,174 dead and 770 injured. Four hundred were killed in Tokio alone and 72 injured.

63,137 Germans on Strike.

Geneva, Oct. 9.—The Swiss Labor Journal, Metallurgiste, gives official statistics showing that 63,137 munitions workers from 109 factories in Germany were out on strike during the first three months of the present year as compared with about 3,000 men from 23 factories during the same period in 1916. The reasons assigned for the strikes were bad and insufficient food and the higher cost of living.

Tells How to Relieve Gold Embargo.

Washington, Oct. 9.—To relieve embarrassment caused by the gold embargo to American business concerns having agencies in South and Central America, the Federal Reserve board has proposed that American firms shall deposit money with certain banks in the United States to the credit of the South or Central American government in which business is to be done. That government, in turn, is to issue its own notes to the resident agents of the American firm seeking to transmit the money used in business.

are being heard from all sides. People are saying that it was the greatest day in church circles that has ever been known in Brainerd. The number of conversions reached the high tide. When a hundred fifty men and women, boys and girls, from the hardened sinner to the innocent child gives his word to the Christian life it means that people are going to talk, yes, and think deeply on an issue which will cause men to make a stand for what they believe right before a great sea of people. Historic revivals of Biblical times marked the turning to God of thousands and the prediction is that these times will be repeated. When the hearts of the children will be turned to the fathers and the fathers to the children and all will call out upon God.

As men walked the saw dust trail those who have not yet decided to make such a public confession were as enthusiastic in their applause as the Christian who remembered his own public acknowledgement. It augurs greater things yet to come and a most happy termination to a great campaign.

Tomorrow night is to be a night for the young men. A banquet will be served to them at the Methodist church by the Methodist ladies at which the evangelist will be present and address them. After the banquet the whole company will march in a body to the tabernacle. The young men have been holding a prayer meeting nightly before the evening service and are among the most enthusiastic boosters of the whole campaign. It is due to the efforts of the young men in part that the great success of Sunday was won. The announcement was made that all men are to consider themselves young and not absent themselves from the banquet because of the encroachment of a few years.

TO DECIDE DRAFT LAW APPEAL

U. S. Supreme Court to Hear Arguments Dec. 10.

Washington, Oct. 9.—To permit an early decision, the United States supreme court has advanced appeals involving constitutionality of the draft law and fixed Dec. 10 for hearing arguments.

The court decided to expedite the government's anti-trust suit against the United Shoe Machinery company and fixed Jan. 7 for rehearing arguments.

The court also decided to review federal decrees which restrained the International News service or Hearst service from "pirating" news from the Associated Press.

Light Draft Shows Wariness of Managers

BY H. C. HAMILTON,

(United Press Staff Correspondent)

New York, Oct. 9.—The small number of minor league players drafted this year by the majors is an indication of the caution with which baseball is moving these precarious times.

Fear of that bigger draft, the United States army, the uncertainty of the game in 1918, and a dozen other things is injecting a spirit of go-easiness into the game it has never felt before.

The National Commission had taken steps to protect clubs drafting players when it announced that, in case a player was drafted for the army, he would be turned back to the club from which he was taken and the purchase price returned to the club drafting him, but, just the same, big leaguers and the smaller classes are taking few chances.

The same thing has been true of the number of players purchased. Many players promising enough for a trip to the big show, have been left in the minors this year simply because the big clubs didn't feel like taking chances.

This is only one more rock over which minor leagues must crawl before they can see their way to prosperous baseball next season. The sale of players always has been one of their principal sources of revenue.

As the year wears on it becomes more and more apparent that only the strongest of the smaller baseball classifications will be able to stand the strong-arm methods the war is using on their treasures. Several leagues already have thrown up the sponge. The season just closed will be the end for many more.

When Harry Hempstead mystified every big leaguer in the country by drafting "Tanglefoot" of Grand Rapids, he became the first man to put one over on John E. Bruce, Tanglefoot, according to Hempstead, was the greatest fly catcher the world ever saw. The joke originated in the Polo grounds where the fence surrounding the park bears a sign reading: "Burns, New York, caught 287 flies in 1916. Tanglefoot, Grand Rapids, caught 50,000,000,000 flies."

"Some fly catcher," figured Hempstead, so he put in a draft for the marvel and sent in a check to pay for him. The draft was official and will go into the records of the National Commission.

ONE SPOONFUL DOES THE WORK OF TWO SPOONFULS OF MOST OTHER BAKING POWDERS

Other baking powder manufacturers may SAY what you can save. We SHOW you. We prove it. You can actually see the savings.

That's why housewives, educated in baking economy, insist on using

CALUMET BAKING POWDER

For instance—one spoonful of Calumet will positively do the work of two spoonfuls of most other kinds. You use only a level teaspoonful to a cup of flour. With other brands you must use twice as much. You use the smallest amount of Calumet because you get the greatest gas strength. Besides—Calumet never fails—stops all bake-day losses—reduces bills for baking ingredients. The great savings of Calumet are shown in these results.

Order a can today—try it. Prove for yourself the truth of these statements.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
